

Sandstorm 4 Adventure Tank Bag

SPEC SHEET SKU: LUTA-007 Description

Enduristans Sandstorm 4 Adventure Tank Bag was designed for riders of the larger adventure bikes like the BMW R 1200 GS LC, the new KTM Adventure Models, Triumph Explorer or any bike with a ramped tank. This is also a fully waterproof and continuously expandable tankbag! It snugly fits the curved shape of large adventure bikes and of course comes with all the handy features you are used to from Enduristan.

WATERPROOF

3-layer fabric, a zipper covered on the backside and an all welded design: The main compartment is 100% waterproof. You don't need any rain cover and there is no inner bag you additionally need to open.

The outside pocket is protected by a water repellent zipper.

CONTINUOUSLY ADJUSTABLE VOLUME

Thanks to our patented Expandable Volume Technology, the tankbag's volume is continuously adjustable between 13 and 20 liters.

FIRM FIXATION / QUICK RELEASE

Elastic ROKstraps™ ensure, that your tankbag stays in place also on the toughest tracks. Quick release buckles allow easy refueling and fastening.

TOUGH

Is there anything more annoying than a broken zipper? For this reason we only use YKK's toughest coil zipper. Also for buckles, straps and materials we accept no compromise: Only high quality materials guarantee a long and useful life.
